**DVD** – another facility for your training.

Our DVD’s contain:

- Multilingual options (Portuguese, English and Spanish)
- Structural programs with chapter selection
- Rich and organized training to obtain good results and facilitate the dialogue
- Power point presentation with topics for a summary of the course
**Advanced Training Security Awareness**: Methodology that teaches each individual to look at himself and recognize the four major states (rushing, frustration, fatigue and complacency) and errors (eyes not on task, mind not on task, line of fire, balance / traction / grip) that lead to more than 95% of all accidents.

**DVD Taking SafeStart® Home**

**Accident and Incident Investigation**

IMPORTANT NOTE: The implementation of SafeStart® together with other products has shown a reduction of accidents and incidents by 90%, and reduced absenteeism, improved productivity in the companies, among a number of other benefits.
STOP™ programs use a combination of methods to give people the information, skills and willingness to work more safely, maximize their learning and apply what they learn to the real world.

The programs feature a three-part approach:

**Individual self-study** - Workbooks are used to introduce basic concepts and begin safety skill development

**Field or application activities** - STOP™ program participants practice what they have learned in their own work areas

**Group meetings** - After viewing a video, participants discuss what they have learned and consider how it can be
E-Learning solutions:

The Coastal eLearning System

Delivery Options

- **ClarityNET**
  Interactive customizable online courses

- **VIDEO ON DEMAND**
  Full-screen online Coastal videos

- **Safe2Work**
  Workforce readiness solutions for contractors

- **C3**
  Authoring tool for custom online courses

- **PINPOINT**
  Assessment builder for diagnosing training needs

- **Campus**
  Pay-per-view training for customers and partners

- **Net Potato**
  Knowledge Management System for sharing documentation

**Plug-in Tools**

- imagine. learn. evolve.

Interactive customizable online courses:

- Compelling video-enriched content
- User-friendly interface
- Built-in customization capabilities
- Flexible delivery options for various bandwidths
- DSS Training Solutions-hosted
- Tracking via the Coastal LMS
- 600+ courses available in 31 languages
Full-screen online Coastal video programs:

- High-resolution video – easily streamed via a standard DSL or cable connection
- Comprehensive content – choose from the entire Coastal video library (2000+ titles)
- Chapterized courses – to target your training
- Perfect for classroom training or self-paced learning
- Training documentation – each course includes an online quiz which is traceable via the Coastal LMS
Authoring tool for custom online courses:

- Build your own online courses using company-specific audio, video, text and graphics
- Use a wide variety of storyboard screen types
- Include self-checks and post-tests to assess employee competency
- Develop courses to conform with SCORM standards
- Add modules and sub-modules to ClarityNet courses
- Integrate with the Coastal LMS for robust tracking capability
Workforce readiness solutions for contract workers:

• Tracks contract worker credentials
  • Training
  • Background checks

• No up-front costs

• Eliminates redundant training and costs
The miracles of science™
