## Minutes:

1. Welcome
2. Introductions
3. Lee Hunt proposed a team focused on BOP issues relating to new technology and real time reporting.
4. Conference – Stephanie Carling gave an overview and a meeting time for the team was proposed – Feb 10, 9am
5. Controls – Have had a good meeting at Transocean. New members show that a rehash of what is the right way forward was useful but the team needs to continue going forward in the next meeting.
6. Future Tech – The IADC Oil & Gas Shale Drilling Technology Workshop planning is dominating this group's current efforts – Next conference to be looking at uptime technology. Also the possibility of International forums was discussed.
7. Reliability – Top drive Survey not working to add value to industry as planned. The Future Technology subcommittee offered that their Shale workshop may be a good connection to present some questions on reliability / down time.
8. Conferences were reviewed
  - a. IADC/SPE ART/DSATS in Amsterdam
  - b. Shales – FT Sub-committee
  - c. Reliability (IADC Critical Issues – Dubai, May 13<sup>th</sup>)
  - d. Annual meeting and the need to pull from and eventually go International.
9. Any Other Business – Middle East Interface – Kosay El Reyes offered to become the bridge to the Middle East Market.
10. Date of Next Meeting – Feb 10 – 10.30am
