IADC ART Guidelines Subcommittee Meeting Minutes
IADC Advanced Rig Technology Committee
09:00 Hours, Wednesday, 11 March 2009
IADC – Houston, TX

ATTENDING:

Bill Good, Canrig Drilling Technology Ltd.
Randy Pynch, Canrig Drilling Technology Ltd.
David Reid, National Oilwell Varco
Chris Goetz, Athens Group
Mike Killalea, IADC
Hugo Valdez, ODS Performance Inc.
Logan Puckett, Pride International
John Hoefilch

MINUTES:

1. IADC Guidelines SC Vice Chair Logan Puckett opened the meeting and welcomed the attendees, particularly new member Bill Good of Canrig.
2. The SC discussed a merger of this SC with the ART Reliability SC. Guidelines will probably hold 1-2 separate meetings over the next couple of months before merging. Separate work groups will still be formed under the combined SC.
3. Mike Killalea discussed the IADC Anti-trust Policy. A copy may be found at <http://www.iadc.org/antitrust/>.
4. A discussion of training content was held. Bill Schraer, who has been heading up this project, will be encouraged to attend the next meeting to discuss gaps and future directions.
5. The ART Decision Matrix was completed, except for the rig demographics. The spreadsheet was renamed the Advanced Rig Technology Matrix. Mike Killalea will see that the document is converted to a PDF and placed on the committee website.

INTERNATIONAL ASSOCIATION OF DRILLING CONTRACTORS

6. David Reid will discuss several committee deliverables in his presentation at the Wednesday Plenary Session at the SPE/IADC Drilling Conference in Amsterdam (17-19 March). A lot of additional interest is expected after this introduction.
7. In keeping with the “first Tuesday” meeting schedule, the next meeting date was set for 09:00 hours, Tuesday, 8 April 2009.
8. There being no further business, Mr. Puckett adjourned the meeting and thanked the attendees.
