The committee discussed the matrix submitted by Hugo Valdez, and agreed that it was a good approach. Content will be reviewed by members and we will spend two hours specifically working on filling in the details during the next meeting.

Training catalog was discussed and Bill agreed to bring a preliminary first production to the next meeting. It was discussed that we will need to review which companies are listed.

It was suggested that any electronic files be posted at the IADC web site ahead of time so that members calling in can have access to the information at the time they call in.

The next meeting date will be 0900 Wednesday, February 11.

The meeting was adjourned.
