IADC Reliability Subcommittee Meeting
IADC ART Committee
8:30 am, Wednesday, 18 February 2009
IADC Headquarters

ATTENDING:

Abdullah Al-Ismael, Saudi Aramco
Andy Shelton, NOV
Bill O'Grady, Athens Group
Hugo Valdez, ODS Performance
Jeffrey Swain, Chevron
Ken Gardner, Transocean
Karl Faller, TI-Data
Logan Puckett, Pride International
Randy Pynch, Canrig Drilling Technology
Robert Urbanowski, Precision Drilling Oilfield Services Corporation
John Pertgen, IADC
Mike Killalea, IADC
Brian Parks, IADC

Minutes

Reliability Vice Chairman Robert Urbanowski opened the meeting and welcomed the attendees.

Mike Killalea and Brian Parks previewed the latest version of the top-drive survey. However, as MK and BP later learned, the survey had been designed for the Firefox browser and did not display well in Internet Explorer. (That has subsequently been resolved). Togrul Mamedbekov subsequently optimized the survey for IE, and it still displays reasonably well in Firefox.

Bill O'Grady said he would work with TM to assign user IDs and passwords.

The next step is to identify people to participate in the survey. IADC Directors will be advised of the survey at the IADC Board of Directors meeting on 4 March.

Subsequent work on MUX systems and pipe handling was also discussed. MK was asked to contact the IADC Well Control Committee regarding MUX studies.

The next meeting will be at 08.30 Wednesday, 18 March, at IADC.

There being no further business, the meeting was adjourned.
