IADC ART Drilling Control Systems Subcommittee Meeting
8:30 am, Tuesday, 8 June 2010
IADC – Houston, TX

Attendees:

Charles Griffith, Caterpillar
Allen Prescott, DNV IT Global Systems
Mike Killalea, IADC
Keith Womer, KW Technology Services
John Hoeflich, National Oilwell Varco
Clinton Chapman, Schlumberger
Jens Ornaes, National Oilwell Varco
Lars Olav Grovik, Statoil

Minutes:

No action on surveys from Galveston. Clinton Chapman volunteered to input the data into SurveyMonkey.

There was some discussion on Norwegian OLF reporting standards.

The group discussed standards on representing absent values...

- More critically, systems using RT data for Supervisory control need to have some indication of the quality of the data to assure the correct action is made of good data.
- Statoil has had challenges trying to qualify this.

Next meeting:

- 6 July 2010 at 8:30 am
- Survey Monkey results
- Missing data / communication of quality review
- Parameter naming standardization (being handled by DSATS, may not be on agenda).
