**IADC ART Reliability & Guidelines Subcommittee Meeting**  
**8:30 a.m., Wednesday, 8 September 2010**  
**IADC – Houston, TX**

## Attendees:

Daniel Marty, American Augers  
Randy Pynch, Canrig Drilling Technology  
Mike Killalea, IADC  
Robert Dowlearn, Knowledge Ops  
Andy Shelton, National Oilwell Varco  
Fred Florence, National Oilwell Varco  
David Reid, National Oilwell Varco  
Robert Urbanowski, Precision Drilling Oilfield Services Corp.  
Daniel Beaudoin, Theia Vision  
Rolf Gullaksen, TTS Sense

## Minutes:

1. Robert Urbanowski welcomed the group.
2. Robert Urbanowski reviewed the IADC's **Antitrust Guidelines**.
3. The status of the IADC's **Top Drive Reliability Statistics Program** was discussed. The lack of participants was discussed. The need for Operators to drive the need for this system was mentioned. The lack of respondents fully filling out the information was discussed.

Discussion shifted to a need for a ½ day IADC Non-Productive Time conference – like the recent IADC Stick-Slip Mitigation Workshop held 15-July-2010. It was discussed this conference could be done jointly with the IADC Maintenance Committee. Possible timing for the conference was discussed as February 2011.

**Action Item:** Robert Urbanowski to follow up with Dustin Torkay to see what he did to set up the IADC Stick-Slip Mitigation workshop.

4. The status of the IADC **Technology Value Guide** was discussed. The need for additional photos and training sources was discussed.

**Action Item:** Andy Shelton to put together matrix of equipment in IADC Technology Value Guide versus vendors for same and identify gaps. This list to be sent to David Reid and Robert Urbanowski so they can work on soliciting input.

5. Development of an IADC **Downtime Statistics Program** was discussed. Robert Urbanowski reported he had emailed chair of the **IADC Maintenance Committee**, but received no response back. A draft of input was reviewed with the only change recommended being to add Well Control

# INTERNATIONAL ASSOCIATION OF DRILLING CONTRACTORS

Downtime. This draft input had areas defined in the same manner as the IADC Safety statistics program. Some of the data would be straight out of the IADC Daily Drilling Report form.

**Action Item:** Robert Urbanowski to review his agenda and let Mike Killalea know if he can make a presentation at the ***IADC Maintenance Committee*** meeting on 13-Oct-2010. Presentation would cover both ½ day IADC Non-Productive Time conference and downtime statistics program draft.

6. No new business was discussed.
7. The next meeting will be scheduled for 06-October-2010 at 08:30 CST at the IADC office.
8. The meeting was adjourned.
