**IADC Well Servicing Committee Meeting**  
**10:30 a.m., Tuesday, 24 March 2009**  
**IADC Headquarters**

## **ATTENDING:**

Kenny Jordan, Assoc. of Energy Service Companies  
Mike Killalea, IADC  
Cleon Shelton, Nabors  
George Casellas, Oil Center Research International  
Bill Taylor, Oxidental Oil & Gas  
Joe Eustace, Pioneer Production Services  
Daniel Hindes, Pioneer Production Services  
Ernie Massengill, RAPAD Drilling & Well Service Inc.

## **MINUTES:**

Well Servicing Committee Chairman Joe Eustace opened the meeting and welcomed the attendees.

Mike Killalea reviewed the IADC antitrust policy

The attendees reviewed the article by Rich DeBuys on well control in well-servicing operations. The suggestion was made that this was an excellent overview, and could be followed up with a more detailed article. Mike Killalea said he would explore that possibility. The article had not been published as of the meeting date, but is now available in the March/April *Drilling Contractor*.

Then Mr. Eustace asked for suggestions for new areas to publicize. Suggestions included uncontrolled activity within the guy lines, job safety analysis, emergency action response planning, and well-control planning. The committee also discussed the IADC WellCAP accreditation program for well servicing and building awareness for it.

Cleon Shelton volunteered to approach Steve Olsen, Nabors VP-Safety & Training, regarding an article on job safety analysis.

The committee agreed to meet next at 10.30 am Tuesday, 9 June, at IADC headquarters.

There being no further business, the meeting was adjourned.
