WellSharp – Well Control Training and Assessment

Industry Effort:
By the industry, for the industry

WellCAP Advisory Panel  Well Control Committee  Industry Workgroups

IADC’s WellSharp™ program:
A complete root and branch rebuild of well control training
WellSharp Summary

- Focus on training for all personnel involved with Well Control and ensuring that that training is commensurate with their role and responsibilities.
- Expanded course levels in line with OGP 476 recommendation to tailor training to the requirements of specific roles and responsibilities.
- Centralized electronic testing and grading to ensure integrity and international uniformity.
- Immediate test results with missed question learning objective guidance provided to Instructors for each student.
- Improved instructor qualifications.
- Continuous training to maintain currency and reduce skill fade.
WellSharp providers – International footprint

167+ WellSharp Training Providers
