BULLETIN DIT-22-01

This bulletin is issued to all DIT-accredited training providers.

DIT® Accreditation: Changes, Policies, and Guidance

Bulletin DIT-22-01 outlines important updates to the DIT Handbook for Accreditation (DIT-01).

Summary of Changes

Changes to Handbook:

- Section 2.2 Content Delivery Method(s) – Updated wording around additional requirements for VILT (Virtual Instructor-led Training).
  - Distance Learning Exceptions for DIT
    - Accredited training providers are authorized to deliver course content through remote instruction (i.e.: distance learning). This is no longer considered an "exception" however, documentation for the request is required via the DIT-01V Virtual Instructor-Led Training and Platform Requirements and Agreement form.
- Section 2.16 Student Assessment and Certificate Issuance – Added statement about immediate issuance of certificate/card upon successful completion of the assessment(s).
- Section 4.2.1 Information Sharing – Added new Information Sharing section.
- Section 4.8.1 IADC Logo Usage – Updated logo usage guidelines and provided website portal with link to guidelines.

For the full context of these changes, as well as the guidelines and criteria to obtain and maintain accreditation, please refer to the DIT Handbook for Accreditation (DIT-01). If you are interested in adding a VILT course, please see link below. The DIT handbook can be downloaded from the DIT portal on the Training Provider section of our website:
